Monty and Patton: Two Paths to Victory

By Michael Reynolds

The History Press Ltd, United Kingdom, 2008. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. Of all the Allied generals in the Middle East and Europe in the Second World War, Bernard Montgomery and George Patton stand out. Neither held supreme command, but both had a magnetism and flair that set them apart from their contemporaries. They both had successes on the battlefield, went out of their way to court the headlines and made serious mistakes that attracted adverse publicity. They demonstrated similar traits - a total dedication to their careers, professionalism, selfishness, arrogance, a desire for the limelight and an unhesitating use of friends in high places to further their careers or achieve their aims. Neither was particularly pleasant - but then generals are not meant to be in war. Needless to say, they did not like each other. In Monty and Patton , Michael Reynolds compares the lives of that little fart Monty and that foul mouthed lover of war Patton. He shows their greatness as commanders and how they both made essential contributions to victory in North Africa and Europe in the Second World War.

Reviews

Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.

-- **Marvin Okuneva**

Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
